

Technology Requirements

Students must have regular daily access to a computer that meets the following minimum requirements:

- A functioning e-mail account
- Access to Microsoft 2010 or Microsoft Office 365
- Intel I3 Processor or higher
- A monitor capable of displaying 1024x768 at 16bit color
- Minimum 4 GB of RAM
- High-speed Internet access on LAN connection (DSL or faster)
 - o Wireless connection (802.11n or ac)
 - o While dial-up may work, it may not be suitable for many applications
- A supported web browser
 - o Mozilla Firefox, version 37 or greater
 - o Internet Explorer, version 10 or greater
 - o Safari, version 6 or greater
- Sound card and computer speakers to listen to audio presentations
- Headset/microphone
- Adobe Flash, version 17 or greater
- Adobe Reader, version DC
- Java, version 8 or greater

Note: Best practice is to allow application software (QuickTime, Adobe Reader, etc.) to update as new versions are released.

Operating Systems for PC Users:

- Windows 7/8/10 - 32 or 64 bit
- Windows Media Player

Operating Systems for Mac Users:

- OS X 10 - version 10.8x or newer
